STAT

1. Based on referent memorandum, a survey was conducted of parking in North A visitor parking. As a result of this survey, and your memorandum, a revision to the policy of allowing shift workers to park in North A lane is being prepared. This revision will prohibit shift workers from parking in North A lane at any time. The timing of this change is not firm, but will be the subject of a Headquarters Notice some time in the next 3 to 6 weeks. It is anticipated that this change will relieve the problems your people have experienced in using North A lane.

2. If you have further problems on this subject, please do not hesitate to call.
